Job opportunities at Studion street level and on floor 5

Studion and Galleri 5 are the meeting places for both job seekers and employers. Those seeking new career challenges can meet around sixty companies which have open positions within various branches. You will be able to talk to employers, face to face. 374 persons got employments via the Bazaar last time.

A joblist naming all the positions that the employers on the Bazaar are looking to fill will be published on our home page from around 20 January. The list will also be printed in the fair magazine, see below.

A copy of our Bazaar Magazine containing event maps, exhibitors lists, seminar programmes, a listing of jobs, articles and interviews, will be included in Metro on Tuesday, 7 February. See to it that you get hold of an exemplar!
The magazine will also be handed out at the event.

Education and training on floor 4

In Galleri 4 you meet representatives of the Stockholm university, training colleges, adult education institutes, high schools and other education and training providers. Apart from information on studies, you can also get guidance on how to get an assessment made of your foreign certificates or degrees.

CSN is also present to provide information on financing of studies.

In Sfx' (Swedish for Professionals) stand you get information on all the educations that in a faster way lead you into the Swedish working market.

Starta Eget—Start-up on Plattan level

You get information on all the most important aspects of starting and running a business—business plans, administration, bookkeeping, accounting, sales, taxes, insurances, software and more.

Seminars on start up at Galleri Underlandet Plattan level

At Galleri Underlandet a seminar programme will be carried out. The Programme will be announced in the fair magazine, as well as on the home page www.bazar.nu and on FaceBook in the middle of of January.

Register in advance on egetforetag.se. There are only 50 seats available for each seminar.

110 participating exhibitors!
